

## A Community Begins

DIGGING IN during groundbreaking ceremonies for the start of Serramonte, a \$200-million planned community on the Old Christen Dairy ranch in the southern part of Daly City, are, left to right: Mayor Michael R. DeBernardi of Daly City; E. V. Schulhauser, vice president of Suburban Realty, developers of the project; Carl Gellert, president of the firm and Harry Christen, former owner of the Christen ranch. Seated in the cab of the earth-moving machine is William F. Morton, vice president of Suburban Realty.

## \$200-Million Serramonte Project Underway in DC

SERRAMONTE, the ambitious \$200-million planned community that will be built in southern Daly City, jumped from a paper to a construction status last week. The first shovelful of dirt for the development, planned to house 21,000 persons, was turned Thursday afternoon by the Suburban Realty company of San Francisco.

Looking on was a blue-ribbon gathering of city, county, state and school officials who had been given a preview of the project earlier at a luncheon in the Olympic Golf and Country club.

Suburban officials said

that construction of the first of 1600 single-family houses in Serramonte will begin as soon as grading operations are completed.

THE PROJECT has been in the planning stages for the past two years. Serramonte will rise on the former 916-acre Christen Dairy ranch, which was annexed to Daly City last month.

In addition to homes, it will include apartments, parks, schools, churches and an all-weather 73-acre shopping center to be built near the junction of the Junipero Serra and

Cabrillo freeways. The shopping center, which will have an enclosed mall, will be one of the largest in Northern California.

At the luncheon, suburban president Carl Gellert noted that the revenues Daly City will ultimately receive as a result of the project will exceed the cost of servicing it by almost a million dollars.

DALY CITY Mayor Michael DeBernardi, speaking on behalf of the city, welcomed Suburban Realty and Serramonte into the municipal fold and praised the co-operation (Please See Page 8, Col. 5)

## Storm Spares Slide Region

The slide situation above Thornton Beach in Daly City survived its first major storm Monday, with no noticeable damage, City Engineer William Chapman reported.

A storm drain that collapsed in late November and caused erosion that threatened four homes located above the Old Coast Highway had been replaced by construction crews.

The city has had a regular maintenance check on the line after every storm, Chapman said. A man had been lowered (Please See Page 2, Column 8)

## S.S.F. Council Worried Over Creek Flooding

South San Francisco councilmen Monday night rushed through a long agenda in a short time, concluding their half-hour meeting with a worry over flooding problems on Francisco drive.

Councilman Emilio Cortesi urged that the city do something about the flooding, which occurs every time Colma creek reaches flood stage.

The creek flooded about 5 p.m. Monday, and three homes went partially under water.

"This is the third time that's happened," he said, "since we approved those homes to be built 14 years ago.

"Those are just working people out there. They can't afford to buy new furniture every year," he said. "Last year when it happened, the insurance com-

pany said it was 'an act of God.'"

City Manager Eugene Aiello promised he would have the engineer see if some measure of relief can be found, but suggested that temporary sandbagging or a permanent bulkhead along the street is the only apparent solution.

Mayor Patrick Ahern said "This is why we are pushing the Colma creek flood control project.

Earlier, Mayor Ahern presented service award pins to six employees. A 15-year pin went to Pete Bianchi of the recreation and parks department.

## Fido Better Watch Out!

Stern action will be instituted if complaints about violations of Pacifica's dog leash law continue, Mayor Harold Feyge announced this week.

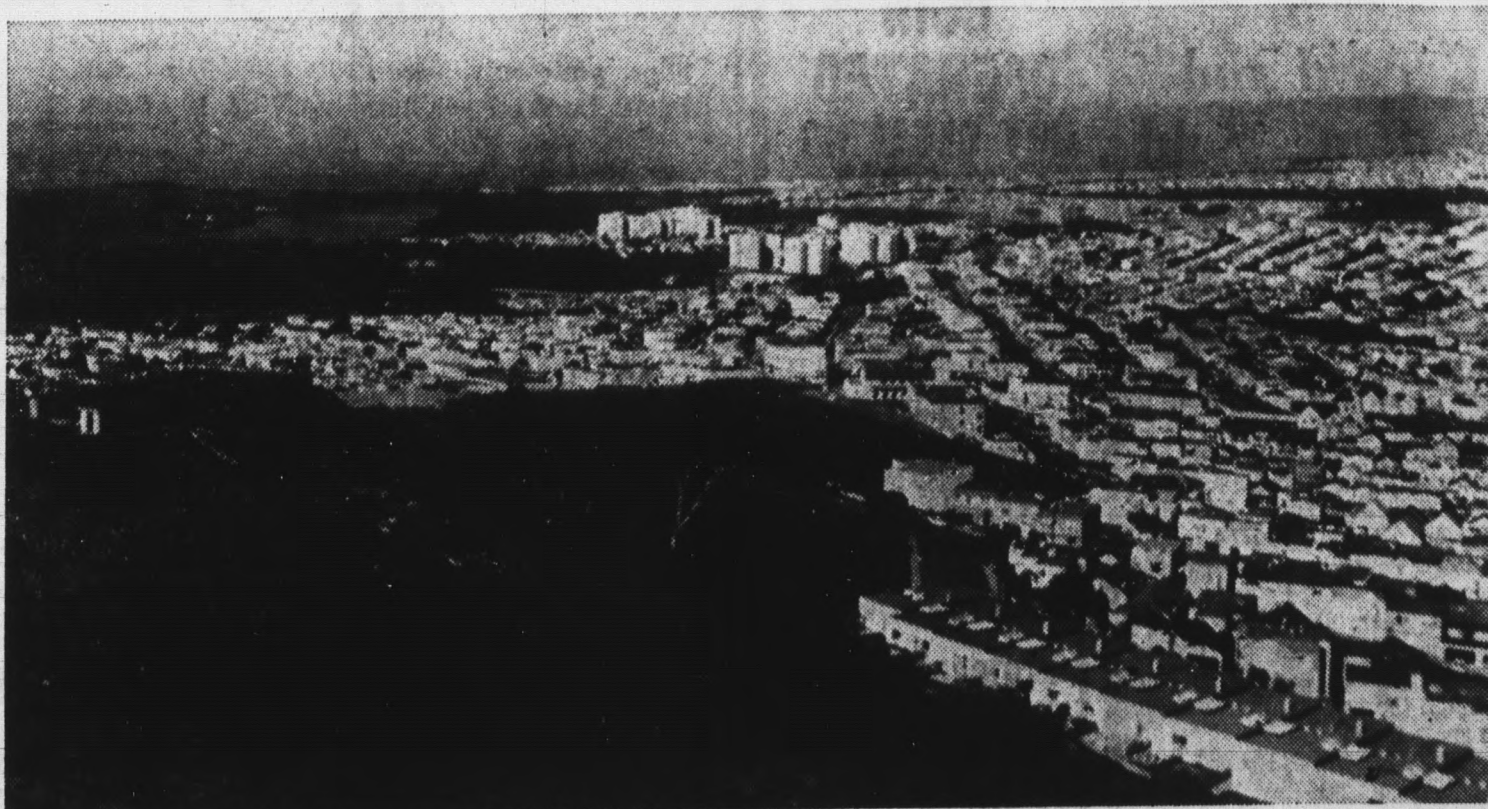

Feyge said he has been receiving an unusually large number of telephone calls from irate neighbors about dogs running loose.

If the complaints continue, Feyge said, the SPCA will be asked to concentrate their trucks in the area to spot offenders.

If necessary, the trucks will be sent out at night if that is when dogs are being turned loose, Feyge said.

Under a city ordinance, Pacificans are required to leash their dogs at all times or keep them enclosed in back yards.

## TWO-MAN NIGHT PATROLS

# Broadmoor to Add Patrolmen

The Broadmoor police department will beef up its night patrols in an effort to discourage the type of tragedy that befell Broadmoor patrolman Charles E. Manning January 6.

The department will add two men to its night crew so that officers on patrol will ride in pairs rather than singly.

Manning was shot and killed in an investigation of a suspected break-in. He was alone on his beat. A suspect, Timothy Lee Silva, has been charged with murder.

Harry Brown, secretary and one of three members of the

Broadmoor Police commission, which governs the department, said two more men will bring the number of full-time officers on the force to eight.

This will include Chief Ray Savage, a policewoman, a policeman who serves as a clerk and six other officers.

Brown announced that a Broadmoor reserve officer who has been associated with the department for five years has been hired to take Manning's place.

The new officer is William Shaffer, 28, of 803 Ellis drive.

Broadmoor. He has been an assistant buyer for the H. G. Makelim company of San Francisco, an electric goods manufacturer.

Brown said applications for the two new positions to be filled must be turned in at the Broadmoor police headquarters at 388 88th street in Broadmoor no later than 4 p.m. Friday, January 31.

Starting salary is \$500 a month with a \$35 raise at the end of six months and a \$30 raise at the end of the first year.

Applicants must be from 21 to

35 years old and be at least five feet, eight inches in height. They must be United States citizens and live in Broadmoor or agree to move to Broadmoor if hired.

Brown said an examination for applicants will be held early in February.

The successful candidates will receive on-the-job training with in the department.

The Broadmoor Police district is the last remaining active district of its kind in an unincorporated area in California.

It covers Broadmoor and the unincorporated part of Colma.

## Old Adobe Store Plan Is Rapped 'It's Backward Step,' Says Official

By LOIS McNALLY

Pacific planning commissions can be expected to stand firm on their previously stated conviction that the Sanchez-Adobe area is "no place for commercial development or gas stations," chairman James Fox stated this week.

Fox commented about an announcement from James Telegan of Sea Village, Associates that, if the city approved, two more gas stations and neighborhood stores would be built at the Adobe drive Linda Mar boulevard intersection — adjacent to the historic Sanchez Adobe monument.

Fox said the stores would "desecrate" the old Adobe. He added he did not believe the architecture of the gas stations and stores could be blended with the monument.

The idea of a neighborhood "momma-poppa" type store is an outdated concept, Fox claimed in an interview.

"This is a step backward in planning and brings on the same old problems we are trying to eliminate in the Sharp Park area — inadequate parking, inadequate road widths and too small store sizes." And he added:

"If we aren't going to develop the kind of city people want, let's just get rid of the planning commission, stop wasting our money and turn the city over to the developers!"

Mrs. Fred Avilez of 1352 Adobe drive, who opposed construction last year of a Union Oil company gas station near the Sanchez Adobe, said she heard of the new plans with "the same sense of shock."

She said she had not yet talked to her neighbors but hoped there would be opposition when the stores' proposal is brought before the planning commission of January 27th.

## CONDEMNATION PROCEEDING

# DC Civic Center Suit Instituted

The City of Daly City has begun condemnation proceedings on property designated for its new civic center.

The condemnation suit was filed in superior court Monday by City Attorney Paul Hupf after each of the owners of the 64 pieces of property involved refused the city's purchase offer.

## Record and Times Sold To SSF Firm

The Westlake Times and The Daly City Record have been purchased by the Industrial City Publishing company, which publishes the South San Francisco Enterprise-Journal.

The purchase was announced yesterday by Logan Franklin, publisher of The Enterprise-Journal.

He said the Daly City papers would retain their separate identity. Industrial City Publishing company and the Day-Lake corporation, which publishes the Daly City papers, will be merged within 90 days. The purchase price was not disclosed.

The Enterprise-Journal was founded in 1895. It is printed by the offset method.

The Day-Lake company was formed in the Fall of 1962 when Marchbanks Publications incorporated, which had published (Please See Page 2, Column 3)

## The March Of Pennies

Daly's City's 23 gasoline service stations will participate again this year in a March of Dimes program.

Sunday, February 9, each station operator will donate to the March of Dimes a penny for every gallon of gasoline he sells that day.

The program is under the direction of Joseph Lewkowitz, chairman of the 1964 March of Dimes drive in Daly City.

## Apartments Opposed by Neighbors

## Pedemonte Plan Is Tabled by Planners

Plans by developer Gus Pedemonte to build 800 apartment units adjacent to Westmoor High school hit a snag last week when a delegation of residents protested the proposal at a hearing before the Daly City Planning commission.

The commission tabled Pedemonte's request to rezone the land from commercial to apartment status after hearing the residents' complaint of possible traffic congestion, aesthetic considerations and construction of 200 four-unit apartment houses on 25 foot lots.

Mrs. Helen Staub of 386 Eastmoor avenue produced a copy of the annexation agreement between the city of Daly City and the owners of the property that says lots shall not be less than 3000 square feet in size and shall have a minimum frontage of 33-feet.

Pedemonte replied he was sure the apartments could be erected on 25-foot lots. He then asked that his request be tabled.

Vinton Stratton, assistant superintendent of the Jefferson Elementary school district, also asked that the rezoning bid be held pending completion of a district study of traffic, off-street parking, and population growth.

Other neighbors who spoke included:

Mrs. Fernanda Goin, of 109 Mirada avenue, who said all the homes in the area had 33-foot frontages and she was opposed to 25-foot lots.

## Residents of Trailers Can Get Books

Residents who live in house trailers now can check out books from the Daly City library system.

The city's library commissioners set the new policy after hearing a report from City Librarian Sam Chandler.

He told them the San Mateo county library system gives cards to house trailer dwellers.

In other action, the commissioners received a list of materials placed on the closed shelves of the libraries that they will review. The commissioners will study the list and make recommendations at their February meeting.

The library will have a new branch in the Bayshore area at the start of the next fiscal year, July 1.

The commission authorized Chandler to have the Bayshore library withdrawn from the San Mateo county system.

## Jaycee Week Proclaimed In Daly City by Mayor

Daly City Mayor Michael DeBernardi issued his first proclamation of the new year by decreeing this week as "Junior Chamber of Commerce Week" in Daly City. He asked local organizations to cooperate in the observance.

DeBernardi said the Daly City-Colma Jaycees have done "an outstanding job" in the fields of leadership training, health and safety, youth activities and services for the underprivileged.

According to local president Peter Trapanese, Jaycee week celebrates the

founding of the Junior Chamber in 1915 when Henry Giesenberg saw a need for a young men's civic organization and established the first chapter.

The movement spread so fast that in 1920, the U.S. Junior Chamber of Commerce was formed with 24 cities represented. The Daly City-Colma chamber was formed in 1962 and at the present time has more than 30 active members.

The Jaycees now total more than 200,000 members in 4800 communities in the United States.

## Coast Road, Adobe Drive Are Opened

The old coast road from Westlake terrace to Pacific Manor Shopping center has been paved and is open for traffic, Pacifica city engineer Al Roberts announced this week.

Recently, a two-story house was successfully moved over the road from Colma to a new site at Monterey and Norfolk in Pacifica.

Adobe drive in Linda Mar also has been paved and reopened to traffic, Roberts said.

However, all work on the project has not been completed. This week, the contractor, O. C. Jones company, will apply to city council for a one-month extension of time. Original completion date was January 8.

Roberts said the contractor still has work to perform on driveways. A clean-up on Adobe drive and small sections of Reina del Mar and Pico terrace included in the contract have not been finished, he added.

## Pacificans At Shipyard Number 191

A total of 191 Pacificans are employed at the Hunter's Point Naval shipyard and would be affected by a shutdown there, Pacifica city council will be told tonight.

Councilmen, concerned about the proposed closing of the yard by the Department of Defense, had asked its staff for a report on the number of families that would be affected.

Due to come up for discussion at the council meeting tonight are reports by two special council-appointed committees: one on freeway landscaping and billboards and the other on a study of land use and future development in the city.

The citizens committee studying freeway signs has recommended no action but has reported local opinion is overwhelmingly in favor of prohibiting billboards so that Pacifica may qualify for state landscaping funds.

The land use committee, headed by Councilman George Mason, has studied industrial development for the city.

Committee members have concluded that some areas along the Coast freeway should be reserved for "employment outlets"—particularly those related to commercial recreation—and that apartment house building represented an especially important trend for the city's development.

In a letter to the council, Mrs. Carl McCarthy, park, beach and recreation commissioner and an announced candidate for city council, is protesting the granting by the planning commission of a use permit for a "Snackette" restaurant on Pedro Beach.

Mrs. McCarthy's letter states that the master plan for Pacifica shows Pedro Beach should be eventually a public beach and urges that the planning commission's decision be repealed by the council.

She says the matter should be referred back to the commission "for a rehearing to give full consideration to long-term plans for public use and recreational development of Pedro Beach."

Also to be presented to the council tonight is a memorandum from the public utilities commission, stating that the commission is still studying a city-backed proposal for Greyhound bus service to Westview and other Skyline communities.

several weekly papers in the Daly City-Colma area since 1915, was sold to two publishers.

They were Fred Weybret, publisher of The Lodi News-Sentinel and James Harrah, publisher of The Benicia Herald.

Since that time, Harrah has been the editor and publisher of The Westlake Times and The Record. He could not be immediately reached yesterday for comment.

Last year, Day-Lake ceased printing the papers in its plant at 3317 San Jose avenue and contracted the printing out to a San Francisco firm.

The Daly City Record was founded in 1915 by John W. Marchbanks, a colorful Alaskan gold rush figure. It began first as a small tabloid and later expanded into a full-sized weekly.

In January of 1954, the company began publishing The Westlake Times. In June of 1962, The Shopping News was merged with the two papers.

## Eagles Head to Visit DC Aerie

The national head of the Fraternal Order of Eagles will visit the order's Daly City branch tomorrow evening.

Herschel H. McWilliams of Kansas City, Kans., newly elected grand worthy president of the order, will visit Daly City Aerie 1848 at its quarters at 3344 San Jose avenue.

He will be greeted by Peter Obringer, the aerie's worthy president, and members. McWilliams' visit is one of six he will make during this trip to California.

McWilliams has a long record of service in Eaglesdom. Active in local, state and national levels of the order, he has served as a member of the board of grand trustees and as regional president of the west central region—encompassing the states of Iowa, Nebraska and Missouri.

The new grand worthy president is safety supervisor of the board of municipal public utilities in Kansas City. He is married and the father of two sons and two daughters.

## Stand on Act Is Declined

On the advice of the city attorney, the Pacifica city council has decided to take no stand on the controversial Rumford Act, which bans racial discrimination in the rental or sale of property.

City Attorney Conrad Reichold told councilmen that the Rumford Act is a state law and therefore pre-empts local jurisdiction.

Mayor Harold Feyge commented that "we couldn't do anything if we wanted to."

A few weeks ago, the council was urged by Dr. David Marvin of 1056 Monte Verde drive and another Pacifica citizen to take a stand on the petition for an initiative to repeal the Rumford Act—a move currently backed by state realtor associations.

At that time, Councilwoman Jean Fassler suggested the Pacifica council study the proposal and it was tabled for later consideration.

Carl Hillsman of 222 St. Francis boulevard, who requested careful study of this rezoning from a traffic and aesthetic point of view.

Pedemonte had better luck on two other requests for apartment zoning before the planning commission.

The commission granted the rezoning from single family dwelling to apartment zoning of property at the end of Vendome avenue.

Pedemonte had presented plans, which included leveling a rocky hill at the intersection of Vendome avenue and a street along the southeasterly side of the property. He said he would pave the streets.

"Due to the terrain, it is economically unfeasible to erect single family homes on this property," he added.

Protests against his plans were received from Joseph Dziacko of 71 Vendome avenue; Mrs. Dorothy Goetter of 79 Vendome avenue; Isabel Dellamore of 78 Vendome avenue; Daniel Restani of 135 Bepler street and Mr. and Mrs. Arthur Flanders of 141 Bepler street.

The residents said the streets were already congested. They argued that during construction, emergency equipment would not be able to traverse Vendome avenue.

## That Annual March of Moms Needs Volunteers

The annual Mothers' March for the March of Dimes will be held in the North county Tuesday.

Contributions will be used to finance research and treatment of arthritis and birth defects.

Officials say that arthritis is the nation's most widespread crippling disease.

Contributions also will be used to help finance scholar-

ships to train students in medicine, nursing, physical therapy, occupational therapy and medical social work.

Daly City chairmen for the Mothers' March are Mrs. Edward S. Berry and Mrs. Robert Battaglia.

Volunteers are needed, they report. Anyone wishing to participate in the march may call Mrs. Berry at WY 2-0153 or Mrs. Battaglia at PL 6-6453.

A city attempt to obtain an easement through Thornton Beach Park from the state division of parks and recreation was halted by a letter from Charles A. DeTurk, division director. The city wants the drain on more "stable ground."

DeTurk said the present location of the replaced drain is permanent.

"If the drain is protected and properly maintained, we believe it will do the job," DeTurk wrote.

Chapman disagrees. "The erosion area is too steep," he said. "It slid before and it will slide again."

Tomasello sets up game schedules for basketball leagues for fifth through eighth graders and the tournament knocked out one set of league games completely.

★ ★ ★  
**ONE COMMISSION** that really gets the hot potatoes in any city is the planning commission. Its dealings with developers and residents produce some of the most vociferous meetings of any public body. The major reason for this is because board members discuss things that have a decided effect on the pocketbook and this is something close to the heart of all of us.

Every so often the commission gets a problem that has no easy answer—someone has to get hurt. The Daly City commission has one of the problems under consideration now. It's under the gun and no matter which way the members move, they'll get blasted.

The problem is a request from Stolte Inc., an Oakland construction firm that owns five acres of land behind the St. Francis Square Shopping center. The land is zoned for single family homes and the firm is petitioning for apartment house zoning.

The Jefferson Elementary school district board of trustees has other ideas. The five acres are part of a 20-acre site the trustees have selected for a junior high school and they have initiated condemnation proceedings on the property.

Several merchants from the shopping center appeared at a recent school board meeting to ask that the school be moved further away from the center. They argued that unless apartments were built behind the center, there wouldn't be enough shoppers to support the center and it eventually would die.

One of them said there are now so many schools in the area that there isn't enough room for the people.

Here is the dilemma that faces the planners: If the commission grants the rezoning to Stolte, the property will just about double in value and the commissioners will be hurting the same taxpayers they serve.

If, on the other hand the commissioners deny the rezoning, then they will be charged with contributing to the demise of the shopping center.

Some of the merchants checked the city master plan before signing long leases. The plan shows the property planned for apartments. The planners, however, couldn't be sure when the master plan was drawn up a few years ago, that the Christen Ranch, with its added population to come, was going to come into Daly City, and that schools would be needed to serve this population.

★ ★ ★  
**SOME INTERESTING FIGURES** were released by the county public information office last week on party affiliation of San Mateo's 192,307 registered voters.

In the North county, the Democrats have an edge over the Republicans, 54,206 to 30,990. In the South, the Republicans are stronger — 54,686 to 46,884. A total of 5,478 voters declined to state a party affiliation. Other totals were: Prohibition 17, Constitution 11, Independent Progressive 8, Progressive 6, Socialist 7, and Socialist Labor 14.

Although the Democrats have an over-all edge, 101,090 to 85,676, only one of the state or national representatives from the county is a Democrat. He is former South San Francisco Mayor Leo Ryan, now North county assemblyman. Congressman J. Arthur Younger and State Senator Richard Dolwig are Republicans, as is Carl Britschgi, South county assemblyman.

Younger has announced his intention to run for his seventh two-year term. He is 70 and political observers think he'll be calling it quits soon. With the county vote swinging toward them every year, the Democrats are looking hopefully to the future.

One Republican being considered to fill Younger's seat is former state assemblyman Lou Francis, who was gerrymandered out of the seat Ryan now holds. Francis was author of the controversial Proposition 24, an antisubversian bill, which was defeated decisively by the voters in 1962.

**PACIFICA COUNCILWOMAN** Jean Fassler had an interesting topic when she spoke before the San Mateo County Young Democrats recently. The title of her speech was "The Role of the Political Party in Nonpartisan Elections."

Mrs. Fassler is engaged in one of those "non-partisan elections" right now. She is running for the board of supervisors against fellow Democrat Joe Verducci and attorney Tom Bocci, a Republican.

**SAN MATEO MAYOR AL WISNER** told a funny story at the last meeting of the San Mateo County Council of Mayors that seemed to go over the heads of many of the politicians and newsmen there.

Wisner said he had attended a formal affair that required tie and tuxedo. His wife noticed his tie was awry and so he retired to the men's room to fix it. He wasn't having much luck and was about to give up when Burlingame Councilman Bill Crosby walked in.

Having trouble? Crosby asked.  
"Yes," Wisner replied. "Can you help me?"  
"Sure," Crosby said, "lie down."  
You see, Crosby is a mortician.

## Youths Seized After Breakin

Daly City police arrested five teen-age youths last night after an unidentified caller reported seeing the youths break into the Central Hardware store at 2389 Junipero Serra boulevard. Three BB guns that had been taken from the store's front window display case were recovered.

## DC Yule Mail Bucks a Trend

Contrary to a trend in most areas of the country, outgoing Christmas mail in Daly City in December showed a substantial increase over 1962.

Daly City Postmaster in-cent P. Murphy reported that the volume of 1963 outgoing Christmas mail was up eight per cent over the previous year.

He said that most of the nation had experienced a drop in volume. And he added:

"Nobody can figure out why we had an increase here."  
The total volume of out-

going mail during the period from December 3 through December 26 was 1,607,197 pieces, Murphy said.

This compares with the 1962 total of 1,311,396.

Biggest day of the Christmas season last month was December 17 when postal workers cancelled 187,479 pieces of mail. In 1962, the big day was December 18 when 157,955 pieces were handled.

Murphy reported that 104 part-time workers were hired to help process the 1963 Christmas mail.

This compared, he said, with 142 hired the year before.

## College Bond Heads Named

Several civic and business leaders in San Mateo county have been named to serve as vice chairmen of the Citizens' Committee for College of San Mateo by general chairman Daniel E. Koshland.

The chairmen will supervise 6000 workers supporting a \$12.8-million bond issue going to the voters March 24.

In the north county the vice chairmen are former Daly City Mayor Joseph Verducci, Daly City Chamber of Commerce manager Peter Markovich, U. R. (Jack) Kendree, general manager of the Westlake Shopping center and Jack Craven, Cratex Manufacturing company in Burlingame.

On the coastside, the vice chairmen are Pacifica Mayor Harold Feyge, Councilwoman Mrs. Jean Fassler, former newspaper publisher Albert

## Pacifica Seeks Commission Candidates From Fairmont

The Pacifica City council decided last week to hold open a vacancy on the city's safety committee while they scout the new Fairmont subdivision for possible candidates.

The vacancy occurred when Chris Bonner resigned. He announced he planned to sell his home and study law in San Francisco.

Mayor Harold Feyge announced this week that a number of application forms are being sent to the Fairmont Subdivisions Improvement association with a letter urging those interested to apply for openings on city committees or commissions.

Dunn, El Granada realtor Fredrick Lane and Half Moon Bay nurseryman Robert McCahan.

The council previously adopted the procedure of asking for applications and then interviewing all those interested before making appointments.

In a personnel session last week, two Planning commission members were re-appointed to four year terms: Don McManus and Al Rosenberg.

McManus has been on the commission since Pacifica's incorporation and Rosenberg is serving his second term.

Six members of the Welfare Referral board whose terms had expired were re-appointed to two year terms. They are:

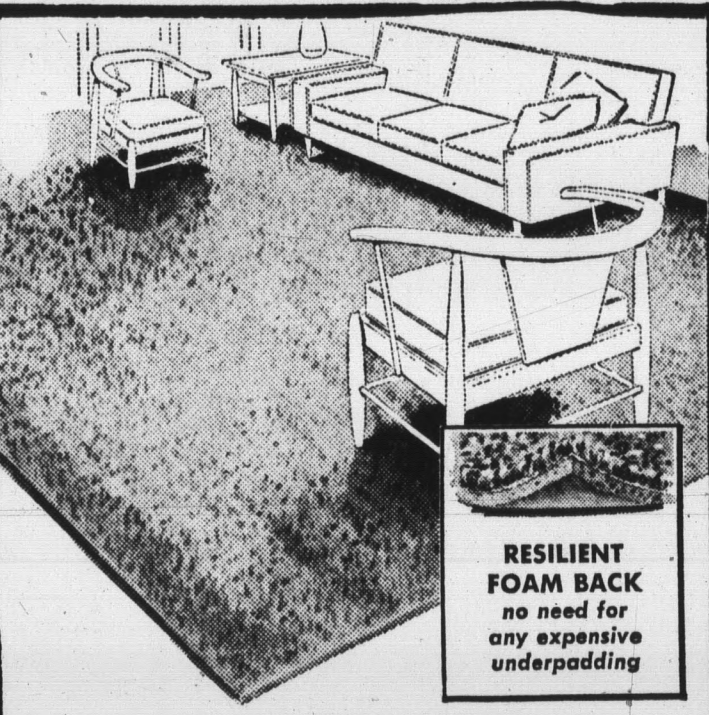

Mrs. Grace Ayres, 167 McKinney avenue; Stanley Farber, 170 Eureka square; Rev. George Fletcher, 610 Edgemar avenue.

By LE PACINI

PERHAPS Civil Rights advocates would do well to consult with sports officials as to methods before they help the Negro to a worse position than he now holds.

We don't wish to go into a history of the Negro and his acceptance in sports, because space limitations preclude the coverage of such a vast study.

Bearing humbly in mind that samples aren't always reliable, we would like to offer, however, the following few facts, which we believe illustrate much more succinctly in a few lines what could take this writer pages to say.

Keeping in mind that the Negro makes up approximately 10 per cent of the population of the United States, we recently did a quick survey on the nation's All-American picks and the NFL All-League team.

A consensus of the All-American team shows that an average minimum of three Negroes, or 27.2 per cent of the team, were chosen.

Of the 44 men picked (offensive and defensive platoons were chosen for each division) on the NFL All League team, 10 were Negroes. They comprised 22.3 per cent of the team.

In other words, if you put up, people will shut up.

**SHORT PRO NOTES:** We wish they'd either brand the bit about athletics building character as a fairytale or tell "mature" athletes, both college and pro, to quit bawling in front of kids every time one of them is called a bad name or hit harder than he expected. . . . Though it rarely happens, we agree with Birdie Tebbetts this time when he tells managers to quit squawking about the recent ban on the out-sized catcher's mitt and start teaching their receivers how to receive, again.

As Tebbetts so sensibly points out, knuckleballers had great years before the big glove, and there's no reason why they shouldn't go on having them—as long as there aren't butterfingers behind the plate.

Happy to see that USF'er Gino Marchetti quit pro football in virtually his prime after once again making All Pro and being chosen outstanding lineman in the Pro Bowl game.

Too many once great athletes spoil too many memories by insisting on going on past their prime. In a blaze of glory has always been the best way to go, a la Hemingway. . . . So Bud Wilkinson's going into politics, huh? Wonder if he thinks party bosses and constituents are going to be any easier to handle than regents and alumni, or if double talk and split-meanings will be any easier to manipulate than the double wing or split-T.

If California race tracks continue to close down because of union pressures—or vice versa—it'll hurt more than just the horses, the pari-mutuel clerks and the janitors. Somebody'll have to make up for the State's tax losses, and you know who that'll be. . . . See where the Soviet Union has just come out with a new set of boxing standards so protective they say fatalities in Russian rings will be nearly non-existent. They've installed rules such as three career knockouts and you're retired (in Russia, Archie Moore would have been retired in 1948). We wish they were as conservative in their foreign policy.

**IT'S A SHAME** that because of a few handfuls of jerks causing trouble in relatively isolated incidents that some night contests in the North Peninsula league have at least temporarily been suspended.

This means, now, that with few exceptions, tax-paying citizens will no longer have opportunities to see their sons perform in prep athletics.

A boy plays for his high school team for only a very brief period of his life and somehow it doesn't seem right that his parents and/or relatives should be deprived of this rare moment during, perhaps, a youngster's most important years.

We do not attempt here to offer a solution to this problem, but we urge only that some alternative soon be presented before certain young high school athletic carers end all too soon.

## Cypress Hills Tourneys Set

Cypress Hills Men's club tournament committee chairman Scotty Gordon and co-chairman Jack Miranda announce the following tournament schedule for the next three months.

A breakfast tournament will be held Saturday with best all foursomes. Breakfast will be served at the clubhouse at 8 a.m. Starting time is 9 a.m. Entry fee of three dollars includes breakfast.

Eclectic tournament is planned in February. Players may play any day during February. Fall handicaps will be used. A maximum of five rounds has been set.

A two-ball tournament is planned March 21-22.

Social chairman Harvey Brey and co-chairman Dick Ferguson have planned a members-only dance February 15.

## GOLDEN GATE ACTION

# Bulldogs Take 13th Straight

College of San Mateo basketball coach Jack Avina hates to lose to San Jose City college. So since Avina came to CSM from San Jose High school a year and a half ago, his teams have beaten the Jaguars in three of four meetings of the two schools.

And Friday night's 87-82 triumph by the visiting Bulldogs was by far the most important—as attested by a Golden Gate conference record crowd of over 3500 fans who packed all corners of the SJCC gymnasium and witnessed San Jose's first home loss of the season.

The victory kept intact San Mateo's win streak — at 13 games; dropped San Jose from a first place tie in the Golden Gate conference, and left CSM knotted with City College of San Francisco at the top of the GGC ladder at 3-0.

CCSF defeated title contender Oakland, 89-69, Friday night and has lost only a Modesto tournament game (to San Mateo) in 17 outings this season.

San Jose, now 14-3 over-all, never led but rallied to tie the score towards the end of each half.

Following the second deadlock—67 all with 6:58 remaining in the game—Bulldog Al Winfield put the Mateans ahead for good with a tip-in with 5:42 to play.

Seconds earlier SJCC forward Len Frazier muffed a charity opportunity which would have put his squad ahead.

The final outcome was reached in similar fashion. The Jags once again rallied in the last two minutes to remain but two points back at 84-82 with 26 seconds to go, after a 12-foot jumper by high scoring guard Donnie Hicks.

Then, 19 seconds later, Hicks was fouled and had a one and one opportunity to tie things up again.

After two successive San Mateo time outs "cooled down" the impatient Jaguars, Hicks tried for his 28th point of the night.

It was short — off the front rim — and rebounded by San Mateo's Mike Gilman, passed downcourt to Milky Johnson, who hooked the ball to forward Art Crum for a clinching three point play. (Crum was fouled on the successful lay-up.)

**Biggest Lead**  
Biggest Bulldog lead came near the end of a streaky third quarter which saw CSM at 64-50 with 11:02 to go in the game after backed-up buckets by Gilman. San-Mateo got sloppy, though, as forwards Frazier and Nate Dennis plus guard Art Gilbert led the Jaguars back.

ONCE AROUND the horn with the leading scores in the leagues this past week here at Serra: In the Amigos mixed fives, Bill Schilly 212-590. All-Stars mixed fives, Ray Casalegno 214-545. In the 813 men's scratch it was Art Michael with a 227-612.

In the men's Boozers Handicap league, Bill Goodson 222-556. Tuesday's Twilighters saw Rene Lacau leading the pack with a solid 214-578. Henry Nelson of the Lutheran mixed fives was high with 223-574. In the Wednesday 835 scratch, Rick Piazza won high game honors with 217 while our own Brad Nelson took series with 582.

Larry McClanahan, bowling in the B & G mixed fives, shot a fine 248 in his 574 series. In the 750 Masters handicap, it was Wayne Ellis with 208-556. Here's a fine series: 209-204-226-639 by Don Johanson in the Wednesday Spoilers.

In the Thursday Sharpshooters, Lyle Halberis' steady 203-593 was good enough to lead the gang in his league. In the men's Bankers handicap Ed Martens boomed out a fine 258 single on his way to 584. In the Gigolos men's handicap Mel Reiman was high with 213-574.

Honors were shared Thursday in the Astronauts mixed fives handicap with Irene Pierce rolling a nice 209, while Ben Savin took series with a 562 effort. In the Foresters mixed fives, our old buddy, Lee Michaletti, took the laurels with 211-529.

**THE FT. FUNSTON** National Guard fellas were headed by Gregg Staudt with 205-565. In the Friday Rovers, Heb Cuevas was high with 205-572. In the Park Merced mixed league, it was Pete Casias with a very large 213-610. In the St. Francis mixed fives, James Palega rolled out a very nice 217-229-161-607.

A little guy who throws a lot of ball (or is it bull) is my good friend Sal Maita, one of the pillars in the Portola Dads club. He was in high gear the other night, which is evidenced by a mighty fine 264 game to cop high game of the week honors. Nice shootin', Sal.

We wish to thank those of you who bowled in the Charles Manning memorial tournament this past weekend. In the ladies division trophies were won by Carol Fahey, Sandra Reidstra, Millie Belli and Lois Lund. Leaders for the men were Nick Cappola, Bill Nassano and Jerry Puertas.

Sunday at 7:30 p.m., the San Francisco Don's meet San Jose in "Western All Star League" play here at Serra. Here's a chance for all of you to see some fine bowling.

# Rams, Indians, Colts Triumph

## Favorites Open NPL With Wins

The North Peninsula league's basketball race got off and running last week with three of the loop's favored clubs all winning their initial contests.

The Westmoor Rams, the defending champions, barely stifled a second half rally by the Terra Nova Tigers to eke out a 47-45 win.

El Camino fought off a half-time deadlock with the Oceana Sharks to triumph, 53 to 47.

And the Jefferson Indians, winners of the NPL tournament that preceded the start of the regular season, overwhelmed old rival South San Francisco, 44-24.

Friday, Westmoor will host Oceana. Terra Nova will be at Jefferson and South San Francisco will be at home for cross-town rival El Camino.

El Camino, behind the dazzling shooting of 6-4 center Breck MacLaren and Walt Harris, took a 26-24 lead over the visiting Sharks at the halfway mark of a contest that was close all the way.

MacLaren came through with a pair of timely field goals with a little more than a minute left in the contest to give his mates the victory.

Dave Breazeale paced the Oceana attack with 15 points. Jefferson coach Mike Orlich cleared his bench as his Indians scored their top-sided victory over arch-rival South S.F.

The Indians moved out to a 15-7 lead at the half, but hit for a blistering 18-point third quarter with Gary Mendoza and Steve Willis leading the charge.

South S.F. lost control of the ball and the game in that same period, when the Warriors were to score only five points.

Westmoor had the toughest time of any of the contending teams, fighting off a second-half surge by Terra Nova that was almost good enough for victory.

The Rams saw their 27-20 half-time lead shrink to a 40-36 advantage at the three-quarter mark before their defense tightened and held in the final period.

In next Friday's games, Westmoor hosts Oceana, Terra Nova travels to Jefferson and El Camino meets South S.F.

In the lightweight games, El Camino beat Oceana, 68-32 while Jefferson scored a 51-35 win over South San Francisco.

## WARMUP FOR SEASON Recreation Cage Loops End 2nd Practice Round

Basketball leagues sponsored by the Daly City Recreation Department completed a second round of practice games last week. Here is a rundown of the action:

**Fifth Grade (Short Division)**  
Tom Alexander looked good last week for the Holy Angels Hotshots. He sank nine points for his team as the Hotshots bagged the OLM Bobcats, 22-5. Jeff Farrar grabbed the PAL Pirates by the tail and tanked seven points to lead his team, the PAL Buccaneers, to a 16-9 win. Chris Caldwell was high point man for the Panthers with six.

The PAL Jaguars, smarting from the plastering they took last week from the OLM Indians, took their turn at bat this week. They handed out a 34-3 pounding to the OLM Condors.

George Chankalian and Al Abbott comprised most of the BYA Bender Roofing Kittens' offense, scoring six points each this week. The Kittens shut out the PAL Grizzlies, 16-0.

**Fifth Grade (Long Division)**  
Action last week saw a sea-saw ball game between the PAL Pirates and their arch rivals, the PAL Cougars. It was an even battle all the way before Rich Manning decided the issue in favor of the Cougars. He hit for six. Steve Goldberg led the OLM Bears to a 26-10 win over the OLM Indians. Goldberg hit for 12 points. Ron Beltramio sparked the losers with eight points.

Tim Denning, Mike Martin and Mike Villarreal teamed up to score seven, six and five points respectively as their OLM Arrows bombed the PAL Rams, 29-4.

The PAL Tigers found a new star in Jeff Orlich as they clawed up the BYA Ramblers, 22-4. Orlich tallied eight points for the Tigers.

Dan Blondell's pin of El Camino's Tony Trujillo brought the Rams back. From then on the only loss by the Westmoor team was when Manuel Daze decided Ram Bob Gallagher.

Rams Ron Baker and Flip Reade scored pins.

## Greek Orthodox Church To Dedicate Sanctuary

Holy Trinity Greek Orthodox Church will dedicate a new sanctuary at 999 Brotherhood Way in San Francisco at 10:30 a.m. Sunday.

The new church building is the result of six years of planning and construction.

The parish is the oldest in the West and the 12th oldest in the United States.

The church is the first Greek Orthodox Church to be constructed in San Francisco in more than half a century.

Cost of construction was \$720,000. Work began November 13, 1961. Total cost of the building, school, furniture, art work and land is \$1,200,000.

The church is of contemporary design with a Byzantine look. It has 12

pillars, each weighing 600 tons. They symbolize the 12 apostles.

Stained cathedral glass extends between the pillars. A copper dome 60 feet in diameter tops the building. Seating capacity of the main sanctuary is 900.

The Sunday school is situated beneath the floor level of the church and has partitionable walls to form a social hall.

Participating in the dedication Sunday will be Bishop Demetrius of the Western Diocese of the Greek Orthodox Church. He will give the liturgy. Assisting will be the Rev. Anthony Kosturos, pastor of Holy Trinity.

## DC Council Committee to Aid Temple

A special committee to aid Congregation B'nai Israel in its troubled efforts to find a new temple location has been appointed by the Daly City council.

Mayor Michael DeBernardi named Councilmen Albert Polonsky and Francis Pacelli to help the Jewish organization and made available the services of City Attorney Paul Hupf.

The 56-year-old congregation, oldest in San Mateo county, must move from its present Los Banos location to make way for a \$500,000 road project.

The congregation bought property on Annie street in Broadmoor after the San Mateo council approved a use permit for a ty planning commission had approved a use permit for a temple.

The Board of Supervisors overruled the commission, however, because the site purchased by the congregation was 5000 square feet under the minimum lot size required for churches.

The congregation had originally been scheduled to move out at the end of November, but the council has granted extensions because of a number of delays on the Knowles-Los Banos street project and the Junipero Serra freeway.

## Louanne's Datebook

**LACK OF** an exchange student on the campus of Westmoor High School has failed to dull the interest or slow the pace of activities undertaken by the school's chapter of the American Field Service, according to chairman Rev. Herbert Tweedie.

When plans to bring a high school student to this country fell through this past fall, the members immediately began considering ways and means to assure the arrival of an exchange student next fall, or, failing in that, sending two local students abroad this summer. To date, the unit is unsure which plan will be used but, the money collected for the exchange student program will not go unused much longer, according to Tweedie.

It is the hope of chapter members that fall 1964 will see Westmoor with an AFS exchange student and that one of Westmoor's teenagers will be studying abroad. To achieve this, however, the chapter must first be approved and assigned a foreign student. This accomplished the unit will be free to arrange to send a local youngster abroad under the AFS agreement, Tweedie said.

Even as the chapter goes about the business of obtaining approval from the AFS, alternate plans are being made to send two high school students to a foreign country for two months under the Experiment in International Living program, Tweedie said. This plan is part of a program that enables young persons to go abroad during the summer and spend one month living with a family in either Europe, South America, Japan or Scandinavia. After spending the month becoming acquainted with the culture, the people, and the social mores, the students travel for the remaining time, seeing the country and broadening their background.

Twelve students originally applied to take part in the program and the group now has been narrowed to four. According to Tweedie, selection of the students who will take part in the experiment will take place within the next few weeks.

Should the AFS plan be adopted, Tweedie said that the group would find it necessary to raise more money to finance the two-way exchange. The treasury now contains approximately \$870 and the minimum per student is \$700. A large portion of the money needed, Tweedie said, would be raised by private contributions from interested members of the community. Members of the International Club, a student group on the high school campus which is under the sponsorship of faculty member Paul Zimmerman, have in the past worked to raise money for the fund and would probably undertake to do so again, Tweedie said.

The chapter is made up of Tweedie, Mrs. Eleanor Raymond, Mrs. Jean Sunderman, Mrs. Lois McNabb, Mrs. Hazel Egelton, Hartley Appleton, Peter Markovitch, and the Rev. Kenneth Hansen.

**MEMBERS** of the North Peninsula Circle for the Florence Crittendon home are taking a well deserved rest after having done a great deal of entertaining for the residents of the home during the holiday season. The next regular meeting is not planned until March 4 but prior to that many individual members will continue to donate time and effort to the auxiliary activities.

**Shirley Steigerwald** visits the home one day each week and teaches a class in knitting. To date her classes have been very popular but there is developing a shortage of knitting yarn and anyone wishing to dispose of odd lengths of yarn is asked to consider donating it to the circle for use during the classes.

Also in demand are items to stock the shelves and racks in the Still Stylish Shop, the interesting little store on Divisadero and California streets where used garments and bric-a-brac are sold to make money for the auxiliary's projects.

Anyone having yarn, clothing or white elephants to donate is asked to call Phyllis Odenthal, PL 5-7646 to arrange for pick up.

## Sugar 'n' Spice

By Nell Norton

**WHEN GOING** through magazines and newspapers, do you clip and save recipes, planning to try them "someday"? I guess all of us do this until one day our "someday" drawer is so full of recipes that we clean it out, try some, throw some away and return the rest to the "someday" drawer.

I imagine many of you have seen, and possibly saved, a full page, color-picture showing green beans being served in a ring molded meat loaf. But one thing I would recommend is to have the butcher grind your meat twice. For I found that just regular ground meat didn't pack into the mold evenly enough to hold its shape well when unmolded.

An entree that appeals to many people and is frequently ordered in restaurants is veal scaloppine. Mrs. Phyllis Checchettini of 1943 44th avenue, San Francisco, makes it frequently in her home and it's a great favorite with her family. She was kind enough to send me this recipe and we thought it delicious too.

### VEAL SCALOPPINE

- 1½ lbs. veal, cut very thin
- 1 tsp. salt
- 1 tsp. paprika
- 1 tsp. prepared mustard
- ½ cup salad oil
- ½ cup lemon juice
- 1 clove garlic, chopped fine
- ¼ teaspoon nutmeg

Blend all these ingredients and pour over veal, marinate 15 minutes. Lift out of marinade and flour and brown well in oil. Place browned veal in a baking dish. Add the following:

- 1 medium onion, sliced thin
  - 1 green pepper, sliced in strips
  - 1 cup chicken bouillon, combined with the marinade
- Cover and cook in 350 degree oven for 40 minutes. Meanwhile, clean and slice a quarter pound of mushrooms and brown in butter. Five minutes before the cooking time is finished, add the browned mushrooms and six pimento olives, sliced. Serve with noodles or rice.

**THIS RECIPE** for coffee cake has been a favorite in my family for years. It is so easy to make and yet the results are so delicious that I thought you good cooks might be interested in trying it.

### COFFEE CAKE

- 1 cup sugar
- ½ cup shortening
- 2 eggs (unbeaten)
- 1 teaspoon vanilla
- ½ cup milk
- 1½ cups flour
- 2 teaspoons baking powder

Cream sugar and shortening. Add the eggs. Sift together the flour and baking powder and add to the creamed mixture alternately with the milk. Pour into greased and floured nine-inch square pan. And top with the following ingredients:

### TOPPING

- 2 tbsp. brown sugar
- 1 tsp. flour
- 1 tsp. cinnamon
- 1 cup walnuts, chopped
- 1 tablespoon butter

Combine the brown sugar, flour, cinnamon, walnuts and sprinkle over the cake. Dab the butter over this. Bake in 350-degree oven for 45 minutes. Served warm or cold, this is delicious.

**SPEAKING** of coffee cake, here is a real quickie. This idea was presented in a folder put out by one of the large baking companies.

### JAM DANDIES

Heat oven to 400 degrees. Make rolled biscuit dough from biscuit mix, using two cups of biscuit mix and two-thirds cup milk. Add two tablespoons sugar. (If dough is soft, add more biscuit mix.) Divide dough in half. Pat or roll each half into an eight-inch layer cake pan.

Spread with a half cup of your favorite jelly or jam. Cover with remaining circle of dough. Sprinkle top with a quarter cup sugar and a quarter cup chopped nuts. Cut into eight pie-shaped wedges. Bake 20 to 25 minutes. Serve warm.

## Open House Slated by Tot School

The Village Nursery school at 474 North Parkview avenue in Daly City will observe Nursery Education week, January 19-25 with an open house tomorrow and Friday, according to publicity chairman Mrs. Edward O'Neill.

Tots enrolled at the school will continue play and creative activities supervised by director Catherine Seghetti, while mother-hostesses show visitors around the newly decorated building and playground.

The nursery is Daly City's only school of this type, a non-profit corporation, managed by parents to provide morning classes for preschoolers and adult education classes for parents, according to Mrs. Seghetti.

Mrs. Seghetti said the close relationship of the children with mothers provides an "emotional bridge" between the home and formal schooling.

## Guild to Meet

Mary's Help Hospital guild will start the new year off with a workshop and meeting to be held in the hospital meeting room, 145 Guerrero street on Friday. The workshop will begin at 10:15 a.m. and will be followed by luncheon at 12:30 p.m.
